This would make it extremely difficult for you to pass the course. Refer to the assignment sheet on Moodle for more information about this assignment.

Part 2: Observation & Summary (15%)

For this part of the assignment, you will observe court cases in-person or online and then choose one of the cases you observed and answer a series of questions about your experience. You are required to provide details about what the case was about (e.g., the charges, who was present), what happened (e.g., what evidence was presented, whether a jury was present), and your thoughts on the court process (e.g., how the experience compared to your expectations). The summary template is available on Moodle. You should fill in and submit this template via Turnitin on Moodle by 11.59pm Sunday of Week 5 (refer to the course schedule). Submissions received after results for this assessment have been released will receive a mark of zero. Refer to the assignment sheet on Moodle for more information about this assignment and the marking criteria.

Part 3: Report (20%)

Once you have completed Part 2: Summary, you are required to prepare a 1600 word report addressing a psychological question relevant to the case you described in Part 2. You will then identify three *empirical* journal articles which you will use to answer the psychological question you have chosen. The assignment sheet with the list of psychological questions, report template, resources to help you find and identify empirical journal articles, and a tutorial on writing in science are available on Moodle. To prepare your report, you should fill in and submit the template via Turnitin on Moodle by 11.59pm Sunday of Week 9 (refer to the course schedule).
